Perjury On The Increase.

Parkersburg W. Va., June 17—In the United States court, yesterday afternoon, after the grand jury had been impaneled, the venerable Judge Jackson, made some striking statements in his charge to the body, concerning the crime of perjury, which he declares to have come to observe in his long experience in judicial affairs, is rapidly on the increase.

After caution to the grand jury to use every means at hand to uphold the law, Judge Jackson pointed out that dismissal of a charge, because of the apparent insignificance of the offense only served to break down the barriers of the law and encourage lawlessness.

Regarding perjury he said: "I want to say to you gentlemen, that the welfare of any community depends upon our laws and upon the insistence that they be held inviolate. And to uphold the law there must be justice. And yet how often is justice obstructed by false oath and testimony.

"The life of a citizen, the possession of your property, often depends upon truth of sworn testimony. And when a man deliberately raises his hand to God Almighty in solemn oath and swears an untruth he commits a crime against his fellowmen. I am sorry to say that during my long judicial experience the crime of perjury has been on the increase.

"Everything must be founded upon truth. Without truth you are without principle; without principle you are nothing."

HEALTHY MOTHERS.

Mother should always keep in good bodily health. They owe it to their children. Yet it is no unusual sight to see a mother, with babe in arms, coughing violently and exhibiting all the symptoms of a consumptive tendency. And why should this dangerous condition exist, dangerous alike to mother and child, when Dr. Boosche's German Syrup would put a stop to it at once? No mother should be without this old and tried remedy in the house—for its timely use will promptly cure any lung, throat or bronchial trouble in herself or her children. The worst cough or cold can be speedily cured by German Syrup; so can hoarseness and congestion of the bronchial tubes. It makes expectoration easy, and gives instant relief and refreshing rest to the rough-tackled consumptive. New trial bottles, 25c; large size, 75c. At all druggists. Louisa Drug Co.

VESSIE.

Wheat will soon do to cut and the farmers are pleased with the prospect.

Some of our roads need repair but we have no overseer.

The long-looked-for saw mill has come. After ten weeks of preliminary work V. B. Shortridge has contracted his sawing.

The little six months old child of Mr. and Mrs. E. I. Queen has been very sick for the past two weeks and it is thought that it cannot recover.

Miss Minnie Miller has typhoid fever, but is doing as well as could be expected.

Lizzie, the little daughter of Mr. and Mrs. Austin Howell, has been very sick for several days with phthisis.

V. B. Shortridge went to Ashland Monday to attend the big show.

Mrs. Bert Neal visited her sister, Mrs. James Spence, who is very sick.

The infant child of Mr. and Mrs. G. W. Handley is very sick.

Jacklins.

Louisa Drug Co.

ask the readers of this paper who are suffering with indigestion or dyspepsia to call on them at once and get a bottle of Kodol Dyspepsia Cure. If you know the value of this remedy as we know it, you would not suffer another day. Kodol Dyspepsia Cure is a thorough digestant and tissue-building tonic as well. It is endorsed personally by hundreds of people whom it has cured of indigestion, dyspepsia, palpitation of the heart and stomach troubles generally. Kodol Dyspepsia Cure digests what you eat. It is pleasant, palatable and strengthening.

The Japanese Government, unable to obtain information regarding prisoners of war, will probably ask the American Government to make pointed inquiries at St. Petersburg.

Some Reasons

Why You Should Insist on Having EUREKA HARNESS OIL. Unequaled by any other. Restores hard leather soft. Especially prepared. Cleans out water. A heavy bodied oil. An excellent preservative. Reduces cost of your harness. Never burns the leather; its efficiency is increased. Secures best service. Stitches kept from breaking. OIL is sold in all localities. Manufactured by Standard Oil Company.

THE above picture shows Congressman James N. Kehoe, W. H. Yawkey and J. C. Mayo in the opening of a Big Sandy coal vein belonging to the Northern Coal & Coke Co., in Pike county. The height is indicated by the point of the stick held by Mr. Kehoe. The Congressman made a personal investigation of the Big Sandy coal in order to be able to do the best possible work in Congress for the river improvement project.

Big Sale of Lands.

Reliable information states that John H. Durand and L. M. Lawson representing Pennsylvania capitalists, have closed a deal with Leslie county people for 32,000 acres of coal and timber lands in Knott, Pike and Leslie counties and as soon as the papers are all signed will begin active operations. Three miles will be opened in different parts of the territory and two mills will be erected, one a saw mill and stove mill and other a planing mill. The lands are located along the route of the proposed railroad through that section and are said to be among the richest mineral and timber lands in Eastern Kentucky. The price paid is said to have been \$12 an acre. The lands have been much sought after by investors, and when the Chesapeake and Ohio began the erection of the road to Paintsville the Pennsylvania people went after the property in earnest. When the coal mines contemplated are open a territory which is conceded to be the richest in the State will be opened. Experts say the supply of canal and bituminous coal in that section is inexhaustible and that within a few weeks a number of opinions now held by Eastern people will be closed.—Courier Journal.

Cured of Chronic Diarrhoea After Ten Years of Suffering. "I wish to say a few words in praise of Chamberlain's Colic, Cholera and Diarrhoea Remedy," says Mrs. Mattie Burge of Martinsville, Va. "I suffered from chronic diarrhoea for ten years and during that time tried various medicines without obtaining any permanent relief. Last summer one of my children was taken with cholera morbus, and I procured a bottle of this remedy. Only two doses were required to give her entire relief. I then decided to try the medicine myself, and did not use all of one bottle before I was well and I have never since been troubled with that complaint. One cannot say too much in favor of that wonderful medicine." This remedy is for sale by A. M. Hughes.

The fourteen-year-old victim of a negro assailant near Espora, Miss., placed the noose around his neck and led away the horse on which the plighted negro stood. The lynching was witnessed by a crowd of 3,000 people.

Weak Hearts are caused by indigestion. If you eat a little too much, or if you are subject to attacks of indigestion, the stomach expands—swells and puffs up against the heart. This crowds the heart and shortens the breath. Rapid heart beats and heart disease is the final result. Kodol Dyspepsia Cure digests what you eat, takes the strain off the heart, cures indigestion, dyspepsia, sour stomach, and contributes nourishment, strength and health to every organ of the body. Sold by Louisa Drug Co.

It is said a quiet campaign is under way to secure the democratic vice Presidential nomination for Marshal Field, of Chicago. John R. McLean is also mentioned.

Treat Your Kidneys For Rheumatism. When you are suffering from rheumatism, the kidneys must be attended to at once so that they will eliminate the uric acid from the blood. Foley's Kidney Cure is the most effective remedy for this purpose. R. T. Hopkins, of Polor, Wis., says: "After unsuccessfully doctoring three years for rheumatism with the best doctors, I tried Foley's Kidney Cure and it cured me. I cannot speak too highly of this great medicine." Sold by Louisa Drug Co.

Chamberlain's Colic, Cholera and Diarrhoea Remedy. This remedy is certain to be needed in almost every home before the summer is over. It can always be depended upon in the most severe and dangerous cases. It is especially valuable for summer disorders in children. It is pleasant to take and never fails to give prompt relief. Why not buy it now? It may save life. For sale by A. M. Hughes.

Resolutions of Respect.

Lawrence Circuit Court, June 14, 1904. Judge S. G. Kinner called a meeting of the Bar for the purpose of adopting resolutions of respect to our deceased brother and member Alexander Lackey. Judge S. G. Kinner was elected Chairman and W. D. O'Neal Jr. was elected Secretary. The following were appointed a committee on resolutions: R. T. Burns, A. O. Carter, A. J. Garred, G. W. Skaggs and H. C. Sullivan, who reported as follows:

We, the undersigned Committee, having been appointed by the Bar Meeting of June 13, 1904, to draft resolutions on the death of our Brother Lawyer, Alexander Lackey. Therefore, be it resolved that we recognize in his sad death not only a great sorrow to this Bar, but the loss of one who has kept us united as a Bar more than any other member thereof. He studied law under R. T. Burns, one of the oldest members of the Bar, and by his studious habits attained distinction not only at this Bar, but was recognized by the profession at large throughout the State of Kentucky for his ability as a lawyer, and for his courtesy and genial treatment of his brother lawyers. His death is deeply deplored by all who knew him, and especially by the county officers and members of the Bar, as he was ever ready and willing to lend a helping hand to one and all. He was a conscientious lawyer, and a good citizen and was always ready to use his power to advance the interests of his county, and his influence was ever used to the good and prosperity of the community. As a husband and father he was kind, considerate, indulgent, and affectionate. He has gone to his reward beyond the grave, and we hereby tender our heartfelt sympathy to his bereaved widow and children.

Resolved, that these resolutions be published in the Big SANDY NEWS and Ashland Independent, and a copy furnished the family of our deceased Brother. Resolved, that these resolutions be spread at large upon the order book of this Court as part of the days proceedings. R. T. Burns, A. O. Carter, A. J. Garred, G. W. Skaggs, H. C. Sullivan, Com.

No Pity Show.

"For years 'a' was after me continuously," writes F. A. Guldage of Verona Ala. "I had a terrible case of Piles causing 24 tumors. When all failed Bockler's Arica Salve cured me. Equally good for Burns and all aches and pains. Only 25c at A. M. Hughes' Drug Store."

A strong movement is on foot to have the State Capitol Commission require the use of Kentucky stone only in the new Capitol building, which is to be erected at Frankfort. The Louisville Commercial Club and other business bodies will be asked to take part in the movement.

A GENEROUS OFFER FROM LOUISVILLE, KY.

We are pleased to advise our readers that the Paracamp Company, of Louisville, Ky., which is owned by representative business men of that city, are offering a full-size bottle of the new, scientific, quick-healing preparation, Paracamp—First Aid to the Injured—to any one who has never tried it, and who is suffering from any of the ailments mentioned below. The owners of Paracamp, recognizing the true merit of their preparation, give you a bottle free, in order that you may convince yourself of its value.

The remarkable cures of Paracamp in all cases of Congestion, Swellings, Inflammation, Rheumatism, Neuralgia, Pneuonia, La Grippe, Throat Troubles, Catarrh, Eczema, Tetter, Itching or Flushing Piles, has attracted the attention of medical men and hospitals throughout the entire country. Paracamp cures in a scientific manner. It works through the pores of the skin, hence it can not upset or destroy the delicate tissues of the stomach. It will not ruin your nervous system like many strong internal remedies. It is a clean, pure, high-class remedy, that you need in your homes every day in the year. A bottle is offered you free if you will fill out the coupon and mail at once. The use of one bottle will convince you of the magical power of this new remedy for relieving pain and curing any of the diseases mentioned above.

Cut out this coupon at once, fill out the blanks and mail to THE PARACAMP CO., Louisville, Ky. My disease is..... I have never used Paracamp, but if you will send me a bottle free of cost, I will try it. Name..... Street Address..... County and State..... (Give full address. Write plainly.) Remember, PARACAMP is recommended by surgeons and physicians. Used by athletes the world over. Thousands of testimonials. Guaranteed perfectly harmless.

A Time of Sorrow.

On last Friday morning as the June sunshine was casting its vivifying rays through the curtained windows of Jack Compton's home on Big Blaine, at Huletts, Ky., he was far away in Virginia with no word to minister nor look of love to face, giving up in early manhood the thing called life. He was a fireman on the N. & W. R. R. and in some unaccountable way fell from his engine, crushing his skull. His remains were accompanied home by a number of young men, belonging to a railroad organization of which he was a member, and Sunday at 10 o'clock funeral services were held by Bro. C. Dean, and his body laid beside that of his mother in the family burying grounds.

Jack was a son and brother and neighbor in the noblest sense; therefore, who shall measure the loss, or who attempt to fathom the depth of sadness and emptiness that lingers an unbidden guest in that stricken home. The fragrance of his life, the memory of his ideal manhood, will abide with us and help ennoble our fleeting days. Jack was well and favorably known among us. Those who knew him best realize how consistent was his life, and how unwavering his fight against wrong. He stood on no mountain height, he was simply a toiler with the rest of us, striving to fulfill his legitimate relationship with his fellow. Today in the home with grief, sits his beloved parents, brothers and sisters, bereft of all joy, wondering why the best life should be thus so ruthlessly broken.

And now with the sorrow and gloom which has never been divorced from death, let us realize that moral uplift which shall aid us marvelously in living better lives. The solemnity and bitter anguish of these bereavements be unconsciously to yield their impalpable influences for good. Memory, with gentle touch, brings balm to our wounded hearts. It keeps before us the image of our vanished friends, and helps us treasure their virtues which assisted in making us worthy of their friendship. In sorrow we feel there dwells an element of the highest nobility, which closes the heart against all that is not good and true.

Yes, our dear friend is gone. We laid yesterday beneath the flowers and grasses his dismantled clay; we gave them sepulcher amid Nature's magnificence, where dust shall be resolved to dust again. Mournfully, yet hopefully, we bid both friend and stranger farewell, looking beyond death's desolation to the imperishable, propitiated in nature and promised in divine love, where human sorrow shall find consolation and human yearning endless fulfillment. Let us pause amid earth's sobbing voices and listen to heavenly symphony, echoing wherever Death has visited heart and home, saying, "I am the Resurrection and the Life."

Blue Island, Ill., Jan. 14, 1901. Messrs. Ely Bros.:-I have used your Cream Balm in my family for nine years and it has become my family doctor for colds in the head. I use it freely on my children. It is a Godsend to children. Yours respectfully, J. Kimball. Messrs. Ely Bros.:-I suffered greatly with catarrh and tried different remedies without effect. After using one bottle of your Cream Balm I found relief and I cannot praise too highly such a remedy. Miss Cora Willard, Albany, N. Y.

Where To Buy Buggies.

The Snyder Hardware Co., Louisa Ky., has a large stock of buggies which were bought at a figure representing excellent value, and they are selling them at prices correspondingly low. Also, they have recently received three carloads of wagons and can give you just what you want.

No False Claims.

The proprietors of Foley's Honey and Tar do not advertise this as a "sure cure for consumption." They do not claim it will cure this dread complaint in advanced cases, but do positively assert that it will cure in the earlier stages and never fails to give comfort and relief in the worst cases. Foley's Honey and Tar is without doubt the greatest throat and lung remedy. Refuse substitutes. Sold by Louisa Drug Co.

After passing upon 268 appeals from inferior courts during the April term, the Court of Appeals yesterday adjourned to meet again September 19. The Powers case was passed until the September term. The court is well up with the docket, there being only about seventy-five cases under submission.

A SERIOUS CASE

Of Catarrhal Dyspepsia Cured.

LEONARD F. VERDERY, Real Estate and Renting Agent, of Augusta, Ga., writes: "With many others I want to add my testimonial to the wonderful good Peruna has done me. I have been a great sufferer from catarrhal dyspepsia. I tried many physicians, visited a good many Springs, but I believe Peruna has done more for me than all of the above put together. I feel like a new person. I have taken the Peruna and Manalin together and always expect to have a bottle in my home."—LEONARD F. VERDERY.

Congressman D. B. Doviner, from West Virginia, in a letter written from Washington, D. C., says: "I join with my colleagues in the House of Representatives in recommending your excellent remedy, Peruna, as a good tonic, and also an effective cure for catarrh."

Catarrh assumes different phases in different seasons of the year. In the summer the stomach and bowels suffer the oftentimes at the seat of the trouble. Peruna cures catarrh wherever located. If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis. Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, O.

ULYSSES.

The Border Bros. have moved back from Winder, Martin county, where they have been for several months sawing cross-ties. There is another wedding to report this week, Mr. Sparrel Stuart, from near Olive Hill, to Miss Rosa Burdors, of this place. This is the 2nd marriage for groom, and this is the first daughter Mr. and Mrs. Borders have given in marriage since April 1st. Mr. Borders says he thinks there have been weddings enough at his place for awhile.

Corn crops are looking fine. The acreage is much larger than usual in this vicinity. Oats are the best for years, but the acreage is smaller than usual. Vegetables of all kinds look prosperous for an abundant crop. Sorry to say that Mr. and Mrs. S. B. Davis are both still on the sick list. Joe Davis has been very sick for a few days but is some better now. Mrs. Lou Castle, of Mossey, W. Va., who visited friends here recently, has returned home. Jeff Davis, of Catlettsburg, visited his parents last week. H. D. Lyons has moved to London, Ohio. Uncle John Lyons, of London, has been visiting relatives here for a fortnight. Sam Castle received a severe cut on his hand while peeling tan bark some time ago. Miss Cora Hannah, of Nelson branch, was the guest of her aunt, Mrs. Mary Hannah, Saturday and Sunday. Several persons from here attended church at Chestnut Grove Sunday. Box supper Saturday night. Leander Castle, Supt. of the North Jellico coal mines, is visiting his many friends here and in Johnson county. Mrs. Edith Ward and little daughter Jennie, of Wilton, Ky., are here visiting their parents and friends. A valuable barn belonging to John Bown on the head of Georges creek was burned one night last week. Particulars not known to the writer. "Nat."

One Lady's Recommendation Sold Fifty Boxes of Chamberlain's Stomach and Liver Tablets. I have, I believe, sold fifty boxes of Chamberlain's Stomach and Liver Tablets on the recommendation of one lady here, who first bought a box of them about a year ago. She never tires of telling her neighbors and friends about the good qualities of these Tablets.—P. M. SHORE, Druggist, Rochester, Ind. The pleasant purgative effect of these Tablets makes them a favorite with ladies everywhere. For Sale by A. M. Hughes.

This is the time of year when you need something to invigorate your system and purify your blood. Get a bottle of pure Sarsaparilla at A. M. Hughes' drug store. There are many kinds of so-called sarsaparilla blood purifiers, but they are not all good. Be sure to get the unadulterated.

SEEKING NEW BUSINESS.

College Brand Clothes

Ironton, Ohio's greatest store, with branches at Welch, W. Va., and Uniontown, Pa., and other places, wants to interest the good people of Louisa and vicinity. This store handles the greatest line of Clothing, Hats and Furnishings of any house in this part of Ohio, Kentucky and West Virginia.

It will more than pay you to go there for your wearing apparel.

It has been the leading house for 23 years, doing a very large business, and is therefore in a position to show you the kind of goods that no one else can and name such prices that no one else dare mention.

A trial is all we ask. On large purchases we will pay part of your fare. Come see us sure.

A. J. BRUMBERG, Ironton, Ohio. Clothier - Hatter - Haberdasher.

BIRDSSELL, STUDEBAKER and JACKSON WAGONS.

Ashland's Fourth of July.

Come one, come all, the rich the poor,
Celebrate the Fourth, Nineteen and Four,

Six Free Shows, not a cent to pay,
Will exhibit here three times a day.
We will celebrate for three days straight,

We'll get up early and stay up late
We'll have good racing at the park,
And Fire Works just after dark.
Our Fire Works will beat them all.
A grand production of Niagara Falls
Free Ice Water all over town,
We mean to do the thing up brown.
The Catechumians will parade.
With the finest floats that can be made.

The best of music from the Ashland Band,
The finest there is in the land.
Excursion rates on every road,
Each train is sure to bring a load.
Come right along and bring your girl,
Enjoy yourself at the Carnival, Whirl
Come see the big snake, you'd bet
It's a whale,
It measures thirty feet from head to tail.

The Merry-go-Round, on which you can ride
Is ninety feet from side to side.
You want to see Reuben who juggles with fire,
Of the sights we will show, you will never tire,
The King Black Corks, the Vaudeville play,
Excelled by none, you are bound to say.

Clark Hampton's great Electric Show
Is the finest thing on earth I know.
The trip to the moon is out of sight,
Take it by day or take it by night,
And many attractions not mentioned herein
Will interest you from the time we begin.

Wall Paper.

A fine line of new wall papers just received by the Snyder Hardware Co. Best values you can obtain anywhere.

Night Was Her Terror.
"I would cough nearly all night long," writes Mrs. Chas. Applegate, of A'canthia, Ind., "and could hardly get any sleep. I had consumption so bad that I walked a block I would cough frightfully and spit blood, but when all other medicines failed, three \$1.00 bottles of Dr. King's New Discovery wholly cured me and I gained 55 pounds." It's absolutely guaranteed to cure Coughs, Cold Grippe, Bronchitis and all Throat and Lung Troubles. Price 50c and \$1.00. Trial bottles free at A. M. Hughes' Drug Store.

Williamson & Son, Real Estate Agents, Houston, Texas, have several hundred thousand acres of fine farming land for sale, land which is increasing in value every day. If you invest in Texas land you will make 25 per cent. interest on your money, and it is safer than U. S. Bonds. Write today for literature, rates to Texas, and the World's Fair.

Dr. L. D. Jones, Ky. Agent for Williamson & Son, Louisa, Ky.

Ayer's

What are your friends saying about you? That your gray hair makes you look old? And yet, you are not forty! Postpone this looking old.

Hair Vigor

Use Ayer's Hair Vigor and restore to your gray hair all the deep, dark, rich color of early life. Then be satisfied.

Dark Hair

Use Ayer's Hair Vigor and restore to your gray hair all the deep, dark, rich color of early life. Then be satisfied.

HAGER HILL.

Married recently, at the home of the bride's parents, Miss Mary Rice, of Jennies creek, to Mr. Will Conley, of Little Lick.
Miss Alma Womack, a prominent Greenup county teacher, is as the Hill this week visiting relatives.
A number of our young people attended church at Beech Wall Sunday. They report a "hallelujah" time.

Schools in this and surrounding districts are provided for as follows: Hager Hill, Green Struggill; Little Lick, Miss June E. Leslie; East Point, Miss M. Rice and George Auxier; Japan, Willie Patrick.
Messrs. Heber and Edgar Rice have returned from Lexington College.

Milton McDowell was seen in our vicinity today. Electioneering appears to be strenuous work.
Honey crop is a failure. The "little busy bee" isn't living up to its reputation.

James W. Fox, of New York City, a brother of Jno. Fox, the writer, J. L. Mitchell and Wm. Smith, of Ebsenburg, Pa., and Mill Mayo, of Paintsville, were looking at the Johnson county coal the latter part of last week, and were well pleased with same.

T. J. Mayo was in our vicinity a few days ago buying a coal car and lumber for his new bank just opened on Vaughn Branch, within one mile of Paintsville. The vein is bituminous and exceeds four feet in thickness. It is at the base of the hill and will be the most convenient bank yet opened for the denizens of Paintsville.

WILTON.

Mr. Castle, the mine boss, returned from Big Sandy, bringing four families from Peach Orchard.
Mines here are still running three days a week.

Wilton ball team went to Jellico, Tenn., Saturday to play the Jellico team. They returned on the train out of Jellico for Wilton Sunday morning looking rather crestfallen, as the score stood 4 to 18 in favor of the Jellico team. This is the worst showing our Wilton boys have made this season. Wilton recently defeated the Williamsburg club, who are called the best ball players in this part of the state, the score standing 5 to 10 in favor of Wilton. The Wilton nine is made up of men formerly of Lawrence and Carter counties. Elmer, Chas. and Joe Alloway formerly of Rush, L. A. Hays, Lafe and Fred Wallace, Peach Orchard, belong to the Wilton team. Robt. W. Hyndman (the bookkeeper for the North Jellico Coal Co., here) formerly of Peach Orchard, plays with the Wilton club. We hope to get some more new subscribers for the News among the Big Sandy people here.

The two subscriptions recently sent in by the writer were for Tom Williamson and Mrs. Elmer Alloway, both former Big Sandlans.
We enjoyed the letter from Peach Orchard, our old home, in last week's issue of your paper, "Myrtle," you will please write often.
May the matrimonial ships recently launched by those connected with the News sail in joy all through life's journey.

FALLSBURG.

Bro. Hulet will preach here Sunday afternoon at half past two o'clock.
Mr. McCall, of Huntington, was here Tuesday on business.
The infant child of Mr. and Mrs. John Roberts died Tuesday morning. Bro. Hulet and Casady attended the burial.

Sign Collinsworth and wife returned from a visit to West Virginia.
Ida Crank has returned to Normal after a visit to friends and relatives here.

J. B. Heaberlin, who has been in Kaymoore, for the past two months, returned home yesterday. John says there's no place like home.

Mrs. Sam Short, of Kenova, is visiting relatives here, at Jack and Jay Short and L. E. Bradley, of Yateville, were here Sunday.

J. W. Shortridge left here Monday for Ashland on a business trip.
Bro. Copley preached very interesting sermons here Saturday night and Sunday.

Misses Ida Crank and Rosa Cooksey returned to Fallsburg Monday, after a week's visit to friends at Walbridge and Tudill. They were accompanied home by Miss Susan Crank.
Grandma Vaughan is very low at this writing.
Mrs. Bob Caines will leave here Thursday for Huntington. She and her brother will attend the World's Fair.

Prof. Jay O'Daniel and Miss Virginia Caines spent Sunday with Miss Eva Collinsworth.
Miss Maude Rice, of Saltrock, W. Va., who has been visiting here, will start home Friday, accompanied by her cousin, Miss Dossie Rice. We are sorry Miss Dossie is going away for we will miss her in our Sunday-School.
Mrs. John Salyers, of Whitehouse, has been visiting her parents here. Ed Rice, of Catlettsburg, spent Sunday here.

There will be a pie social here Saturday beginning at 5 o'clock. Clover.

CHARLEY.

Died, recently Mrs. Benjamin Castle. Her death was caused by rheumatism, from which she had suffered for a long time. The interment took place in the Robert Spencer burial grounds. Rev. Albert Miller conducted the services.
An infant of Flint Pack's died recently with whooping cough.

The rain here Sunday was very heavy and did some damage to the farmers.
Crops of all kinds are looking fine.
Dr. Wheeler and young Liberty, visited Mr. and Mrs. and wife recently from all of the and make the some guest. "Spunk"

Your Opportunity for Saving Money on Merchandise Gets Greater Each WEEK.

As our Summer Clearance Sales progress the prices go lower. New goods are added to the sale and the crowds continue to come, purchasing values that they cannot get any other time of year at such low reductions. If you can't come this week—

COME NEXT WEEK

but be sure to come and get acquainted with the extraordinary movements of the largest Dry Goods Store in Huntington We mention a few of the departments in which you are offered true bargains for next week:

**Shirt Waists at Half-Price.
Skirts at Half-Price.
Millinery Prices Very Low.
Silk Selling Very Near Cost.**

You can rely absolutely upon every word we say. Our reputation for honest dealing is back of every statement.

Valentine, Newcomb & Carder,

Huntington,

West Virginia.

OUR ROADS.

What is the matter with our roads? Is it bad location, bad system, bad work, or what is it? We often hear it said that roads ought to be worked by taxation. We agree that this is correct, provided we can get sufficient money to keep the roads in good condition; but we are already taxed to the Constitutional limit, and haven't money enough to fix even the worst places. Shall we bond the county? That can only be done by a vote of the taxpayers of the county, and then it would possibly, at the present valuation of property, take all the money that can possibly be raised by taxation to pay the interest on the bonds and provide a sinking fund as provided by law to pay off the bonded indebtedness, leaving little or nothing to keep the roads and bridges in repair after built.

But what are we to do at the present time? If reports are true our roads are in a fearful condition, and if anyone doubts these reports let him get in a buggy and drive a mile out of town, or let him drive a half dozen miles on any road in the county, and be convinced. We recently heard a resident of the county say that he rival the state of Minnesota, which boasts of having within her bounds ten thousand lakes; that we, with a much smaller territory, have more than ten thousand lakes in our public highways, which in deepness and rugged approach excel the lakes of that famous northern state. If our highways can not be used for the purposes originally intended, why not call the U. S. Fish Commissioner's attention to our lakes and have them stocked with fish? Think of the boys throughout the county sitting by the wayside catching the bass and salmon, within a few miles of the county seat. A number of good wagons have been broken in these bad holes, lakes, pools, these swamps or whatever you want to call them. Men and women have had to leave their buggies and wade out of these places. This condition of our roads in mid-summer is inexcusable and getting to be unbearable. No wonder the people complain of business being dull, when the farmers can not get to town with a wagon—they are not provided with boats. What is the cause of our present bad roads? Is it want of efficient overseers? If so they should be changed at any cost. Is it bad system? If so it should be blotted out. If our overseer cannot keep up the roads in a whole voting precinct, give us more overseers and smaller road precincts. We hear men from all parts of the county say that the present "system" of working roads is a failure and the condition the roads are in proves it. Why stick to that which is a positive failure? The old way was bad enough; but give us an overseer over every three miles of road and allot to him the hands living along that road. Direct them in a positive manner to repair all the bad places within a week and it will be done. The next week you can drive over any of our roads without breaking your carriage or being covered with mud. A small part of the \$50 being paid to the present overseers would pay the expense of appointing the new ones. The remainder could be spent to an advantage in making necessary culverts. We are up against conditions woefully bad. Those in control of public affairs should give relief at once, or acknowledge their inability to cope with the situation.

However, it is not our desire to criticize. A suffering public wants relief. Give it, and praise will take the place of criticism.
A Citizen.

Bronchitis For Twenty Years
Mrs. M. A. Smith, of Danville, Ill., writes: "I had bronchitis for twenty years and never got relief until I used Foley's Honey and Tar which is sure cure. Sold by Louisa Drug Co."

JUST ONE WORD that word is **Tutt's**.
It refers to Dr. Tutt's Liver Pills and MEANS HEALTH.

D. Brown.

We desire particularly to call attention to advertisement of Valentine, Newcomb & Carder in this issue. Their annual Clearance Sales are in progress and it is truly a saving opportunity that no one should miss.

Mr. Leonhauer, of Newport, Ky., arrived here with a force of men last week to do some drilling at the site of Lock and Dam No. 1, in the Tug fork of Big Sandy, six miles above Louisa. Engineer E. T. Filkins is also there doing some work. It is not known just when the authorities will contract this lock and dam, but the preparations being made seem to indicate that it will be done in four long.

Mr. Doug. Barrett, of Warfield, has moved to Catlettsburg. He devotes himself to the practice of law.

Silver Medal Contest.

Five Girls took part in the Louisa Woman's Christian Temperance Union declamatory contest last Friday evening, at the Masonic Opera House. Mrs. Josephine Rice, president of this union, presided with grace and dignity, and delivered the opening address. She then announced Little Miss Eula Hartman, the first speaker of the evening. Though only a small child she delivered her recitation beautifully and with much ease. Mrs. Sullivan then sang a solo in her delightful manner.

Next came Lara Crutcher, another little girl, and in "Little Blossoms," so gracefully given, proved to be both talented and accomplished. This was followed by a solo by Mrs. L. S. Johnson, which, as usual, charmed the audience.

The third to recite was Miss Flora Jones, in "A Woman's Crusade," which though a lengthy piece, was well delivered, showing her to possess much ability. Mrs. Wade rendered a solo in her pleasing style.

Miss Lizzie Bromley's subject was "A Modern Cain," and was handled in an excellent manner, with grace and ease.

The fifth, "In the Kegs," was gracefully and impressively spoken by Miss Willie Frazier. Her delivery was excellent, and the opinion that she would receive the medal could be heard expressed in undertones throughout the audience.

The judges were Prof. Jay O'Daniel, Mrs. C. J. Carey and Miss Esther Sprague. They decided that the beautiful silver medal was won by Miss Frazier. The numbers were all so good and well rendered that the union gave to each of the other contestants as a souvenir, a small pin with the letters M. C. T. U. (medal contest). These and the medal were presented by Miss Matilda Wallace in very fitting words.

After prayer by Rev. H. B. Hewitt and a chorus by the union, the audience was dismissed. The evening entertainment was thoroughly enjoyed and all hope to hear these talented declamators and musicians again. The proceeds were \$15, which go to the Louisa Woman's Christian Temperance Union.

Miss Frazier will take part in the contest for a gold medal to be held at City-site Park July 5th.

Every time you read our advertisement you'll learn of some exceptional buying opportunity. We do not take up your time with interesting or idle shop talk, cataloging our goods just to fill up space—that's an antiquated method which the enterprising store does not indulge in.

What you want to know, and what you read our advertisements for is the bargain news, the saving opportunities, and that's just why our announcements are profitable to you, Mr. Buyer. You can rely absolutely on what we tell you in our advertisements. We do not bring you here on a "wild-goose chase."

We want your permanent patronage, and we want to merit it so thoroughly that you'll voluntarily make this store your shopping headquarters at all times.

Shipman & Ragland, Successors to A. J. Loar & Co.

NOTICE.

The people of Peach Orchard and Richardson will celebrate the 4th of July at Richardson L. O. O. F. Hall. A program will be arranged. Public speaking, vocal and instrumental music. Refreshments will be served.

J. W. Hinkle.

O. P. Chatfield.

J. M. Hicks.

Me. D. Preston, Committee.

A report reached here this week that Jay See, son of Chas. F., was shot in Colorado, while serving as a guard in the mining troubles. We are glad to learn that there is no truth in the report.

Thomas Atkinson, who has been attending school at Williamsburg, Ky., is visiting his father, Dr. Atkinson at Georges Creek. He recently attended the Y. M. C. A. Conference at Waynesville, N. C.

Vessie Ward very pleasantly entertained a number of her little friends Wednesday evening of last week, it being her twelfth birthday. Delicious ice cream and cake were served, and all enjoyed the evening.

Prof. G. Milton Elam will start this week to North Carolina, where he has institute work. He will conduct institutes this year in North Carolina, Tennessee and Kentucky.

A man giving his name as Gene Elkins was arrested near Richardson on charge of having driven spikes on the railroad track with the intention of wrecking the passenger train which was almost due. He was brought here and placed in jail and his case set for trial Thursday of this week. At the time of going to press the case has not been tried. The train was saved from wreck by some section hand who discovered the spikes in time. C. & O. detective, Jack Bingham, happened to be on the train and captured the fellow.

Mrs. William St. Clair died at her home on Donithon last Saturday after a few days illness of measles. She was thirty five years of age and a sister of Mrs. Elizabeth McHenry of this place. Her remains were brought to her old home at Smokey Valley for burial. She was a good woman and will be missed by a large circle of friends.

MRS. ROBT. MAUGER Dies in New Mexico After a Brief Illness.

This community has not been more severely shocked by sad news than it was on last Monday morning, when a telegram arrived from Santa Fe, New Mexico, announcing the death of Mrs. Vessie McClure Manger, which occurred there on Sunday. Later messages stated that the body would be brought here for interment and that it would arrive at Louisa this (Friday) morning. Mr. F. T. D. Wallace, Sr., uncle of the deceased, went to Cincinnati Thursday to meet the family.

The particulars of the sad affair are not known here as yet. Letters to relatives told of her illness, which seems to have been of about a month's duration, but the last letter stated that she was out of danger. Her mother, Mrs. R. C. McClure, was with her, but had expected to leave with her other daughter, Jean, for Louisa on the 23rd inst. Mrs. Manger had also planned to spend the summer here. Mrs. Manger was only 33 years of age. She leaves a husband and a baby one year old. She was a pretty and popular girl, and her early death calls forth the deepest sympathy for the family and relatives, with all of whom she was such a favorite.

It was while visiting her aunt, Mrs. G. W. Castle, in Washington City, about three years ago, that Vessie met Mr. Manger. Some time after their marriage they located in New Mexico, where Mr. Manger was prospering in business, when this sudden of all afflictions befell him.

All the details of the funeral can not be completed until the arrival of the family, whose wishes are not entirely known.

LATER.—The funeral will take place Friday at 1 o'clock from the residence of F. T. D. Wallace. The following have been selected as pall-bearers: George R. Burgess, Forrest L. Stewart, George F. Gunnell, Alexander Lackey, Henry W. Bussey, John G. Burns, Honorary Misses Lillian McHenry, Ethel O'Brien, Kate Press, Mattie and Emma Wallace, and Mrs. John G. Burns.

Last Sunday was Children's Day at the M. E. Church, and the audience was unusually large in the evening. The church was beautifully decorated for the occasion with choice flowers. The children had been drilled for several days by Mrs. Champ, Miss Belle Cummings and Mrs. Chas. Rice, and no effort was spared to make the program an interesting one. After prayer by Jas. A. Abbott, the opening address was delivered by Miss Mattie Meek in an impressive manner. The children then very ably rendered their parts, consisting of songs and recitations, which were followed by a few appropriate remarks by the pastor, Rev. J. Champ. The splendid program was well carried out and all were delighted with the evening's entertainment.

There is much activity in the building line in Louisa now. The \$5,000 passenger depot is giving employment to a number of men. The brickmasons are at work on the new city hall. The walls of the three new business rooms, between the two bank buildings, are under construction. It is reported that Mr. F. T. D. Wallace will move his residence back toward the depot, and erect a handsome new residence on the site now occupied. There are also some cottages in course of construction and others in contemplation.

Mrs. Mary E. Balch, State Secretary of the Woman's Christian Temperance Union, was in Louisa last week and delivered an interesting lecture at the court house. She was accompanied by Mrs. J. B. Elfort, of Ashland, and while here they were entertained by Miss Belle Cummings, at the Hotel Brunswick.

Mrs. John Matthews, who had been at the home of H. C. Sammons at this place under medical treatment for several weeks, died last Monday about noon. Her parents, Mr. and Mrs. Maynard, were with her during her last hours. The remains were taken to her home over in West Virginia for interment.

In reporting the district conference of the M. E. Church South at Grayson last week the Bugle-Herald says: Rev. J. M. Boland gave a most excellent talk at night. Subject "Athens at Jerusalem." He proved himself to be a man of rare ability. Evidently he is preparing his lecture had mounted the heights of science, and forced them to yield to his gigantic mind. He had scoured the fields of literature and plucked the flowers and occasionally the foliage. He surveyed the plains over which poets have trod. He had by faith, gone to calvary, and beheld the suffering and death of the immaculate Lamb of God; he caused mercy and truth to meet together and righteousness and peace to kiss each other.

Long ere he had left the floor one could see the views of Parnassus entwining themselves about the cedars of Lebanon, and the son of culture had placed his feet upon the rock of eternal ages.

Balloon Ascension.

On the Fourth of July Shipman & Ragland will send up a balloon with an order for a \$3.00 pair of shoes attached, to be given to whoever returns order to them. This balloon will go up about 12 o'clock in front of their store. The order will be good on, or any time after the Fourth.

Those Vexatious Roads.

The county authorities say they will start work on the roads about July 1st, as that is the beginning of the new fiscal year and the money and hands will be available then. The county has purchased another road machine and the two machines will start from Louisa and work out on the main roads. One machine is to be used in the upper half of the county and the other in the lower half. Two good scrapers were also purchased to be used in connection with the machines.

The authorities say the reason they have not done more work lately is that the time of road hands was all exhausted last fall.

Robt Sturgill, overseer, has repaired the worst place below Louisa and some of the bad places on the road to Busseyville.

It has been suggested by some of the county officials that we call the attention of the city authorities to the bad condition of the road within the corporate limits leading out to Lick creek. We hope that this, as well as other bad places, will receive immediate attention.

It now seems that the water works question is practically settled for Louisa and that the work of installing the system will begin next week. There are only one or two points yet to arrange and no hitch is expected there.

The council met Tuesday evening and gave permission for the location of the dry well and pumping station at the foot of Franklin street.

Mr. W. H. Cox, the man behind the project, says he will begin work some time next week unless some unexpected obstacle arises. He proposes to build a reservoir of large capacity. He expects to get the system into operation in the latter part of next fall. In order to encourage the enterprise a number of citizens have agreed to advance \$100 each, same to be repaid in water rents. There is nothing Louisa needs worse than a good water system and everybody is glad to see it coming.

The following is taken from the Daily Review of Sistersville, W. Va., of last Thursday:

"Mr. and Mrs. M. E. Chapman, of the South Side, have the sympathy of a large circle of friends in the death of their little 3-months-old son, which occurred last night. The child's death was due to inflammation of the bowels. The funeral will be conducted at the family residence at 9 o'clock tomorrow morning. Rev. A. S. Kelley, pastor of the Baptist Church, will officiate.

The Rev. Dr. J. M. Boland preached a special sermon last Sunday morning to a large congregation. The occasion was the commemoration of St. John's Day, as kept by the Masonic fraternity. The Louisa lodge and some visiting brethren attended in a body. The sermon was very appropriate and able, as they always are when produced by Dr. Boland.

Mrs. Ellen Waldeck, who was stricken with paralysis last week, remains in about the same condition. She is helpless and unable to talk. The entire right side of her body is involved.

Mrs. Waldeck's son, Dr. G. N. Waldeck, of Central City, with his family, was here with her for several days.

Attorneys R. T. Burns, W. O. O'Neal and A. O. Carter are now occupying the new building of Thomas & Snyder, on Main street, at the rear of the Louisa National Bank. Mr. Burns' office building has been moved to his lot on Madison street, opposite the passenger depot.

Mr. and Mrs. G. W. Castle arrived from Washington City Wednesday morning and will again make Louisa their home. They were in Washington about eleven years. They will occupy their residence on Main street when vacated by A. J. Loar.

SPECIAL PRIZE.

For the best feature in the parade, a money prize will be awarded, the same to be fixed by judges, not to exceed \$5.00. The second best feature will receive not to exceed \$2.50 and the third best not to exceed \$1.00. The Tug of War conditions are as follows: all contestants to weigh over 150 lbs; rope to be 60 to 75 feet, the course will be 300 feet long; time limit 15 minutes. A liberal money prize will be awarded both winners and losers. In all the other events good and liberal money prizes will be awarded.

News of the death of George Cochran at his home at Hemlock, Ohio, has reached here. He was a brother of H. C. Cochran and formerly lived in this county.

WE are making special prices on Ladies, Misses and Children's low cut shoes and slippers this week; also Men's straw hats serge and light weight clothing.

SHIPMAN & RAGLAND Successors to A. J. LOAR & CO.

Mrs. A. M. Campbell and Mrs. Cynthia Stewart, attended the wedding of Miss Sadie Holderby in Huntington Wednesday.

Prof. V. E. Muncey, of the State College, Lexington, visited his parents Mr. and Mrs. S. K. Muncey, near Louisa, a few days ago.

Mrs. J. C. Thomas and little son Jack will go to Cincinnati Saturday to remain several weeks. Little Miss Katherine accompanied her aunt, Mrs. Robt. Magee, to Cincinnati several days ago.

Mr. and Mrs. C. T. Reynolds returned Wednesday from their wedding trip to Cincinnati, Blanchester, Huntington and Catlettsburg. They were entertained at all these points by friends and relatives.

George Simpson captured a very large fish near Shannon rock a few miles above Louisa Monday and brought it to this place. It was taken from the depot to Ward's restaurant suspended from a pole carried on the shoulders of two men. It's enormous size attracted much attention. It was a cat fish and weighed 73 pounds, measured 15 inches across the mouth, 10 inches across the back and was 4 feet 6 inches in length.

D. M. Ward purchased the fish and sold it out at retail.

SELLING OUT TO QUIT THE BUSINESS.

Please note these prices carefully—it is to your interest. Don't wait until everything is sold. Many lines are being closed out every day, and soon some one will step in and take the whole business and then up go the prices.

Table with 2 columns listing various goods and their prices, such as Pearl Buttons, Sun Bonnets, Ladies Hose, etc.

BALLOON ASCENSION

TOLEDO, OHIO.

Thousands Have Kidney Trouble and Don't Know It.

Fill a bottle or commot glass with your water and let it stand twenty-four hours. The sediment or settling indicates an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also convincing proof that the kidneys and bladder are out of order.

What to Do.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in curing rheumatism, pain in the back, kidney, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to get up often during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in 50c. and \$1. sizes. You may have a sample bottle of this wonderful discovery and a book that tells more about it, both sent absolutely free by mail, addressing Dr. Kilmer & Co., Binghamton, N.Y. When writing mention reading this generous offer in this paper.

OUR NEIGHBORS.

Arther Esphart employed by the Inter-State Camden Railway Company was instantly killed by a live wire Tuesday at Ashland.

Attorney J. W. Woods, of Ashland, will leave the 3rd day of July for St. Louis. He is a delegate to the Democratic convention. He will also attend the World's Fair, while gone.

The handsome pipe organ just placed in the M. E. Church, South, was a gift from the late Mrs. James Calvin. A silver plate, bearing the following inscription: "In Memory of Sarah Stewart Calvin," will be placed on it.

Mrs. Maggie Coburn died at her home near Deaton Wednesday of last week, of complication of diseases. She was buried Friday at Glenwood, Lawrence county. She was a sister to Mrs. Jerome Duval at Denton.—Grayson Herald.

Charles Stafford, a well known cattle buyer of Johnson county, was badly injured at Mt. Sterling last Friday by his horse falling on him. His left leg was broken and his horse otherwise seriously injured.

John Horton, age 71 of Tadelia, Pike county, will walk the entire distance to St. Louis, where he will see the sights of the great World's Fair. He started on the trip Monday morning, and expects to arrive in St. Louis within thirty days. He will start penitential and work himself through.—Ex.

C. McCord and A. T. Siler, railroad commissioners, went to Paintsville last week in response to a complaint of the people of that place as to the location of the depot. The company has purchased land on the opposite side of Paint creek for the location of the station and a howl has resulted. The decision of the commissioners has not been announced.

John G. C. Mayo was here Monday, negotiating with Col. Powers relative to taking charge of the Old Virginia plantation recently purchased by Mr. Mayo. Col. Powers will have charge of the entire plantation, and have exclusive control of the grounds. No better man could have been selected but his many friends here will regret to see him and his good wife leave Ashland.—Ashland Independent.

C. D. Sublett leaves in a few days for West Liberty, from which place he will commence purchasing the right of way for the new pipe line which runs through Morgan, Wolfe and Estill counties, a distance of forty miles. The line from Grassy creek to England will be taken up, and the new line connected with the one that now runs from Sublett. The new line will be the main one between Sublett and the Estill county oil fields.

Miss Grace Rardin, the accomplished and beautiful daughter of Mr. and Mrs. J. C. Rardin, of Catlettsburg, has just returned from Oxford College where she has been engaged as a teacher of piano and voice culture for the past two years. Miss Rardin has completed arrangements for a trip abroad, having purchased her ticket on the Hamburg-American Line and will sail for Hamburg on July 23rd. After completing a course at Stern's Conservatory under that famous musician, Felix Dreys-

We like best to call
SCOTT'S EMULSION
a food because it stands so emphatically for perfect nutrition. And yet in the matter of restoring appetite, of giving new strength to the tissues, especially to the nerves, its action is that of a medicine.

Several fair strikes have lately been made in the eastern part of the State, in the Floyd-Knott field one of them testing 100 barrels.

Another well was also struck in the Beaver territory on the Knott-Floyd border this week, the fifth in thirty days. Other operations are progressing nicely in the Beaver territory.

The Maysville Bulletin tells of the marriage of a young man well known in Louisa. He is the oldest son of Conductor Wm. Meyer, of the Big Sandy division.

"At high noon Wednesday the nuptials of Mr. William Mont Myers and Miss Christine Sytilla Schaefer were solemnized, Rev. Dr. John Burbour officiating. It was a very quiet home wedding, the ceremony taking place at the residence of the bride's parents, Mr. and Mrs. A. Schaefer.

The bride is the youngest daughter of Mr. and Mrs. Schaefer and was never more charming than when, in the presence of relatives and a few intimate friends, she pledged the marriage vows to the husband of her choice. She wore an elegant gown of pearl etamine over pearl silk. The groom is a son of Mr. and Mrs. C. W. Myers, of Greenup, and held a position in the office of the C. & O. at this point for some time. At present he is the popular agent of the company at Dover. Following the ceremony a nine course wedding dinner was served and that evening from 7 to 10 a reception was held at the home in honor of the happy young couple. Next morning Mr. and Mrs. Meyer got to Greenup to spend a few days with the groom's parents, after which they will visit relatives at Springfield, O., taking up their residence in Dover about July 1st."

Draggins Pains

2825 Keeley St., Chicago, Ill., Oct. 2, 1902.

I suffered with falling and congestion of the womb, with severe pains through the groins. I suffered terribly at the time of menstruation, had blinding headaches and running of blood to the brain. What to try I knew not, for I feared that I had tried all that I could, but I had never tried Wine of Cardui, that blessed remedy for sick women. I found it pleasant to take and soon knew that I had the right medicine. New blood seemed to course through my veins and after using seven bottles I was a well woman.

Mrs. Bush is now in perfect health because she took Wine of Cardui for menstrual disorders, bearing down pains and blinding headaches when all other remedies failed to bring her relief. Any sufferer may secure health by taking Wine of Cardui in her home. The first bottle convinces the patient she is on the road to health.

For advice in cases requiring special directions, address giving symptoms, "The Ladies' Advisory Department," The Chattanooga Medicine Co., Chattanooga, Tenn.

WINE OF CARDUI

EDUCATIONAL EXHIBIT

VALUABLE LESSONS TAUGHT AT THE WORLD'S FAIR.

Displays in the Palace of Education Show What Educators Are Doing in United States and Foreign Lands.

What the educational exhibit at the universal exposition at St. Louis will accomplish may in a measure be estimated by referring to some of the prominent examples of the past.

The Crystal Palace exhibition in London, in 1851, led to the establishment of the School of Industrial Art at the South Kensington museum; the educational exhibit at the Centennial exposition of 1876 led to the introduction of manual training in the public schools of this country; the introduction of work as a part of the curriculum in technical schools, and the beginning of the training which has rendered possible the rapid advance of this country in arts and crafts; the reorganization of primary education in France as a result of the educational exhibit at the Paris exposition of 1875; the rapid growth of manual training and the industrial art instruction as a result of the impetus given by the Chicago exposition of 1893; the action of the French government in arranging to send students annually to this country for the study and investigation of our industrial and commercial methods as a result of the United States educational exhibit at the Paris exposition of 1900.

The value of an educational exhibit lies in the opportunity for comparison. Methods of administration, methods of teaching, equipment of schools and colleges, courses of study, with the demonstration of the theory which underlies their construction and the results which attend their enforcement, are brought side by side from every quarter of the globe for the investigation of the student.

The exhibit of a city or state, or a university, should have as its central object the demonstration of the value of its course of study. The latter contains the best thought and experience evolved from the trials and experiments of generations. It marks the differentiation of school systems and universities, and should be made the chain to which every item of an educational exhibit should be attached for illustrative purposes. The machinery of an educational exhibit is necessarily limited, and must consist in general of charts, photographs, printed matter, maps, models, apparatus and specimens. Thousands of dollars can be expended to good advantage in the masterly grouping of facts and their graphic presentation to the public eye. The entire work of a class in a chemical laboratory, may, in a dozen photographs, be accurately and completely told. The school accommodation of a city can be set forth in a series of photographs with an accuracy which no exhibit differs from another in the skill with which these photographs are combined and made to tell the story.

One of the great innovations in the exhibit features of the St. Louis exposition has been the endeavor to make it an exhibit of processes. So far as possible, this has been introduced into the educational department. Laboratories in operation, domestic science and manual training schools where pupils are at work, and the actual instruction of the deaf, dumb and blind will be special features.

The object of educational exhibit is twofold; first, to secure a comparative exhibit from all countries of the world noted for educational effort; second, to present a thoroughly systematic exhibit of all phases of education in the United States.

The following foreign nations have prepared exhibits: England, France, Germany, Sweden, Belgium, Austria, Italy, Japan, China, Cecylia, Mexico, Cuba, Brazil, Argentina and Chile.

One of the most interesting exhibits will be that of the agricultural and mechanical colleges and experiment stations of the United States which is being prepared under the special appropriation of \$100,000 made therefor by congress at its last session. Many working laboratories will be maintained in this exhibit.

In the university section of the exhibit are grouped the more prominent universities of the country. Among these are Harvard, Yale, Columbia, Cornell, Johns Hopkins, Virginia, Chicago, Illinois, Michigan, Wisconsin, Missouri, Washington and St. Louis. The work of the polytechnic schools of the country will be presented by the Massachusetts Institute of Technology, Troy Polytechnic Institute, Purdue university, Pratt Institute, Worcester Polytechnic Institute, and others.

In the department of higher education of women, the participants are Vassar, Wellesley, Bryn Mawr, Smith and Mount Holyoke.

A special feature at the St. Louis exposition will be the art school exhibit, in which space has been granted the leading art schools of the country, such as the St. Louis School of Fine Arts, Art Institute of Chicago, Art Students' League, New York, Pennsylvania Museum of Fine Arts, Museum School of Fine Arts, Boston, and Boston Normal Art School.

Another feature of the educational exhibit will be a lecture hall, with a seating capacity for 250 people, fitted out for stereopticon and lantern lectures, in which during the exposition special lectures and talks will be given by educational experts from all parts of the world.

HOWARD J. ROGERS,
Chief of Department of Education.

Every minute 90,000 gallons of water pour over the cascades at the fair.

IT IS TO EAT.

Big Pure Food Exhibit at the World's Fair Covering Three Acres.

Three acres of everything that is good to eat and drink! This is one of the attractive features of the great palace of agriculture at the world's fair. And the best part of it is that the visitor is invited to sample the dainty viands or wholesome beverages and satisfy himself as to their merits.

Chief Taylor appointed Paul Pierce to superintend this food exhibit, the first of a universal scope ever to be made. Mr. Pierce is a son of the late United States Senator Pierce, of North Dakota, and for ten years has been editor and publisher of a journal devoted to the interests of pure foods.

Space for this attractive exhibit has been assigned in the central nave of the Agricultural building, the largest of the exposition structures, and one of the most appetizing exhibition displays ever contemplated is shown every day of the fair.

Not only are the foods of the world shown, but each exhibitor gives demon-

strations of the qualities of his wares. Thus the breakfast food manufacturers are not content with showing a pyramid of packages, and their food in bulk, but neatly-plated dishes prepared and served to the guests of which the food is the principal ingredient. Baking powder manufacturers employ experts who serve the lightest and fluffiest of biscuits, and in order to make them in greater demand serve them with the best cream butter and syrup or fruit.

The fruit preservers and the pickle manufacturers have taken large blocks of space and have several hundreds of varieties that the world's fair visitor may select samples from at will.

The chocolate and cocoa interests make a great bid for popularity. A cup of rich chocolate, and any of the toothsome desserts of which the products of the chocolate form a component part, as served by its most enticing form, while the one who prefers cocoa may have his want supplied for the mere suggestion.

If the housewife observes keenly the tricks of the experts who make the delicious coffees that are served from the art of coffee-making. And as for tea, the growers from all climes exert their best efforts to prove that their tea has the most delightful flavor.

And so it is all down the line of edibles. The same thing is true of soft drinks.

ART AT ST. LOUIS.

The Building Devoted to It is a Model of Its Kind in Many Ways.

The Art Palace of the Louisiana Purchase exposition differs in one important essential from the art buildings at Chicago and those at Paris. All floor—there will be no upstairs galleries, no long staircases to ascend and descend. The authorities of the department demanded the observation of four conditions in the planning of the Art Palace; first, that the galleries be admirably lighted; second, that they should be well ventilated; third, that the buildings should be so arranged as to afford the free circulation of large numbers of visitors without danger of congestion, and fourth, that the structures should be fireproof.

The Art Palace is located upon a hill south of the main group of exhibit buildings and is entirely isolated from other exhibition structures. It consists of four pavilions, the aggregate length of the front of which is 330 feet and the depth 150 feet. The central structure, for which the word is permanent. The two side pavilions, which are temporary structures, are of brick with decorative details in staff. In the rear of the Art Palace provision is made for an elaborate system of decorative gardens, with fountains, flowers and ornamental shrubbery. A special pavilion is provided for sculpture. Certain pieces of statuary appropriate to the position have been installed outdoors. In the immediate neighborhood of the Art Palace many large forest trees have been left standing, which add much to the beauty of the general effect. The Art Palace contains 134 sky-lighted galleries, a large court for the exhibition of sculpture, and a number of sky-lighted galleries especially well adapted for the exhibition of works belonging to certain groups of the plastic arts. For sculpture, decoration as applied to architecture there are special galleries opening into the sculpture court of the central pavilion, so that these exhibits, closely related both to sculpture and architecture, may be installed, practically, with both.

HYMN OF THE WEST.

Foot Steadman Has Written the World's Fair Hymn—Has Been Set to Music.

Western folk will be charmed by the beautiful hymn written by Edmund Clarence Steadman upon the invitation of the world's fair management. He calls it the "Hymn of the West," a title befitting so splendid a production. It was first written by Prof. J. H. K. Steadman, of Harvard university, has written the music, which is no less grand. The first public rendering of this hymn will be on the opening day of the great exposition, Saturday, April 30, when a drilled chorus of 500 voices will sing it. Other musical compositions especially written upon the invitation of the world's fair management are a march, "Louisiana," by Frank Vanderstucken, director of the Cincinnati orchestra, and a waltz, "Along the Plaza," by Henry K. Hadley, of New York. All are famous composers and their compositions have the originality and high merit expected for such a signal event. The several pieces will be played by the many bands in their musical programmes during the exposition.

Queen Anne Designed This Building.

The British pavilion at the world's fair is a reproduction of the orangery at the Kensington palace. It was reproduced at a cost of over \$100,000 and is one of the most elegant structures ever reared at an exposition. The original building was designed under the personal direction of Queen Anne more than 200 years ago.

Engine Attains High Speed.

The palace of transportation at the world's fair is a handsome building covering 15 acres. In the department assigned for railroad exhibits there are four miles of track. The drivers of an engine mounted on an immense turntable attain a speed equal to 80 miles per hour.

Designed by the Kaiser.

Germany's pavilion at St. Louis, a reproduction of the famous castle at Charlottenburg, near Berlin, was planned by the Kaiser William.

Your Mother

can be provided with an annual income for life in event of your death, at less cost than you can make the same provision for your wife or your children.

This contract can be obtained at a low cost.

In writing for terms state the amount of cash you would like to draw out at end of limited payment period, your age, your mother's age and the amount of annual income for life you would like to provide for her in case of your death.

This form of contract was devised and introduced by The Company which ranks

Orders and consignments of Sorghum solicited.

Weak Hearts

Are due to indigestion. Nearly nine out of every one hundred people who have heart trouble can remember when it was simple indigestion. It is a scientific fact that all cases of heart disease, not organic, are not only treatable, but are the direct result of indigestion. All food taken into the stomach which fails of perfect digestion ferments and swells the stomach, pushing it up against the heart. This interferes with the action of the heart and in the course of time that delicate but vital organ becomes diseased. Mr. D. Keefe, of Nevada, O., says: "I had stomach trouble and was a bed slave as I had heart trouble with it. I took Kodol Druggists Cure for about four weeks and I was cured."

Kodol Digests What You Eat
and relieves the stomach of all nervous strain and the heart of all pressure. BOTTLES ONLY \$1.00. Six bottles 50c. money back guarantee. Prepared by E. C. DEWITT & CO., CHICAGO.
